

Avignon

Avignon Provincial collection

There is no compromise with the Avignon range. Its quality is evident in the smoothness of finish, carved rail moulding and pegged tenon joints, a method of joining that dates back centuries before adhesives were used. Solid Cherry timber and matching veneers have been selected for their figurative grain, rich colour and durability. The result is a range of furniture that truly encapsulates the French provincial villa.

CARE durable finish

CARE is a new acid cured lacquer from Europe. This finish provides a harder surface plus it is free of harmful chemicals. That's good for our customers and the environment.

Avignon
